

## **Guidelines and Expectations Intake/Recruitment Process**

### Purpose of Intake Guidelines

Fraternity & Sorority Life at UW - Madison is committed to the success and support of all new members and intake programs throughout our community. In order to provide transparency and increased communication between current active chapters and the office, the following guidelines and expectations are to be adhered to at all times. This reporting is mandatory and must be submitted to the office one week prior to starting intake for the academic semester.

Intake/recruitment will not be allowed to proceed if the chapter advisor has not signed and Fraternity & Sorority Life has not reviewed the submitted paperwork. All paperwork will be reviewed by the council advisor and their respective chapter coach. Any related activities before documents have been reviewed and outside of what is submitted, chapters will be contacted and must cease until proper paperwork has been completed and Fraternity & Sorority Life has been notified. The following documents must be read and submitted in order to begin an intake process for the semester.

*\*A candidate/aspirant/interest is someone who is currently going through the intake process of an organization for one semester.*

*\*A new member is considered someone who has been initiated/crossed, also known as neophytes.*

*\*An advisor will be explicitly named as a chapter advisor, council advisor, or chapter coach from Fraternity & Sorority Life.*

### Privacy Statement

Each fraternity and sorority that is conducting a membership intake will keep the office informed of all activities each semester. All documents submitted to Fraternity & Sorority Life are to be kept confidential and only used as a form of communication and transparency with organizations. Documents and information may be shared with university officials and inter/national organization representatives as needed. No information will be released to the public without prior consent or if there is risk to an individual.

### Stance on Hazing

Chapters are responsible for the actions of their members, alumni, and/or guests who participate in their new member/intake process and may be referred to a judicial review should there be any alleged violations of the student code of conduct. Chapter officers are responsible for communicating the University's Hazing Policy and Student Code of Conduct to all members, new members, alumni, and guests each semester. All intake/recruitment processes and activities must comply with local, state, and federal laws as well the UW-Madison Code of Conduct.

The University of Wisconsin - Madison strictly prohibits and has a zero-tolerance for all Registered Student Organizations with any activities or programs that engage in hazing. Any individual found sponsoring or engaging in hazing activities on or off-campus may be subject to University disciplinary action and any organization may be subject to suspension, expulsion, or revocation of University recognition. All actions of the organization, potential new members, and new members must adhere to the [Code of Conduct](#).

[Wisconsin State law](#) prohibits any forms of hazing and is defined as:

*No person may intentionally or recklessly engage in acts which endanger the physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating in connection with a school, college or university. Under those circumstances, prohibited acts may include any brutality of a physical nature, such as whipping, beating, branding, forced consumption of any food, liquor, drug or other substance, forced confinement or any other forced activity which endangers the physical health or safety of the student.*

Any individual can make a report through the [hazing incident report](#) or call Fraternity & Sorority Life. In reading this form and submitting Form F, chapter leadership understands the UW-Madison policies and the Wisconsin state laws regarding hazing. Chapter Officers are responsible to ensure that their new member program does not involve activities defined as hazing.
